These Frequently Asked Questions refer to the CUMC Departmental Cash and Check Deposits process.

What are the changes in relation to CUMC departmental deposits?
There are minimal changes which impact the department making the deposit. The main changes are:

- Completion of a unique deposit ticket
- Deposit and deposit ticket taken to a Chase branch rather than the CUMC Cashiers office.
- Some small changes to the initiator and approval process in the Cash Module of FFE (Refer to the FFE Cash Module Changes Job Aid)

What is the policy for CUMC departmental deposits?
To ensure the timely deposit of departmental cash and checks by each department to Chase Bank branch at 180 Ft Washington Ave, Floor 01, (168th street) or Chase Branch at 3940 Broadway (165th Street), each department will record their deposit in the Cash Module of FFE and deposit the funds at the bank on the same day.

How will a department make a deposit at the Chase Branch?
The process will be similar to the current process with a few key changes:

- Department initiator counts deposit and logs this in the Cash Module of FFE.
- Deposit ticket completed for cash and for checks for each batch. Each deposit ticket will have a unique identifier (ULID) which reflects the department at ARC Level 4 node.
- For checks, write the total of each batch of checks in the “CHECKS” box (no more than 100 checks per batch). Write out the amount of each check next to “CHECKS” when you have 6 or fewer checks. Write the total of your sums in the Total Deposit box.
- For cash, insert the total cash on the deposit slip.
- Department initiator writes their UNI in the top right hand corner of the deposit slip
- Departments must comply with proper segregation of duties in the count as well as in the reconciliation.
- Deposit and deposit ticket will be taken by the department to a Chase branch on the same day.
  *Each batch must be an individual deposit.*
- Chase teller counts and verifies the deposit to ensure the amount matches the deposit ticket.
- Deposit ticket scanned by the bank.
- Receipt provided to the department representative for the deposit. This will be retained by the department as per normal procedures together with the FFE deposit print-out.

What is a ULID and why is it used?
A ULID is a unique identifier which is assigned to each ARC Level 4 node School or department and will be preprinted on the deposit ticket. It is used to identify departmental deposits. The ULIDs are allocated based on the deposit initiator’s home School or department.

What ULIDs are used for each department?
The ULIDs are based on the deposit initiators home School or department. The available ULIDs are:

- 700000 CMC CUMC Admin
- 750000 P&S
- 790000 CDM Dental
- 800000 Nursing
- 820000 MDM MSPH
- 999999 Miscellaneous

What are the changes within the Cash Module of FFE?
