An Adjustment Voucher is used when a voucher has already been posted but an adjustment is necessary due to occurrences such as: incorrect data entry, incorrect vendor invoice information, or failure of the vendor to provide the agreed-upon goods or services. If the voucher has not been posted, it is possible to correct these errors by modifying the original voucher. If the voucher is posted, you must create an adjustment voucher. Adjustment vouchers will ensure that vendor balances and accounting entries are up to date.

Creating an Adjustment Voucher

1. Click Main Menu > Accounts Payable > Vouchers > Add/Update > Regular Entry.

2. Click the Voucher Style dropdown and select Adjustments.

3. In the Supplier ID field, enter or search for the desired Supplier ID.
